WAC 197-11-970**

Description of proposal: Connect 2035 articulates Spokane Transit Authority’s strategic roadmap for bus, paratransit, and rideshare services through 2035, with a clear vision supported by goals and performance measures. It builds on the successes of our previous strategic plan, *STA Moving Forward*, to address emerging needs and continued investment in equity, sustainability, and community growth. Ultimately, it enables STA to identify priorities for the next 10 years and beyond – all while building and strengthening relationships with and within the community.
