

The Division Street Bus Rapid Transit (BRT) project will convert the existing Route 25 to BRT service, with new stations and roadway modifications that will provide faster, safer, and more reliable bus service. This summary highlights the features and opportunities relevant to future BRT stations.

This station will...

Connect to bike-friendly facilities, such as existing bike lanes on Country Homes Road and planned shared bike facilities on Holland Ave

Approximately 36% of households within a 0.25 mile walkshed of the project area are considered very low income

Support existing employment activity near the station, as well as potential future residential, employment, and ridership growth

Improve frequency of access to nearby destinations such as the Apple Tree Inn, Heritage Village Shopping Center, Best Western, and many eateries, retail locations, and other services

Station Features

New traffic island and crosswalk

Existing sidewalk integrated into the station design

11' x 60' bus platform

In-lane bus pad

Draft station drawing - design in progress

Street view of the station location (Google Street View)

Division BRT alignment, Price Ave/Magnesium Rd to Hawthorne Rd

Aerial view of Division at Holland - corridor rendering design in progress
